Build up for the Spring Attack! Put the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever." At this time of the year most people suffer from a

condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips.

The reason for this is that during the wintertime, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system-a clogging up of the circulationwith inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as an herbal extract made from Blood and Stone root, Oregon grape root and Wild Cherry bark, which has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food.

If your druggist does not have the tablets send 10 cents for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. Ask your neighbors, they have tried it!

COLUMBUS, GA.—" Dr. Pierce's Golden Medical Discovery is certainly a rand medicine for stomach trouble. I have suffered greatly all my life with a disordered stomach. My food seemed to set so heavy, no matter what I ate. I have taken many of the medicines advertised for this trouble but none of them have ever come up to 'Golden Medical Discovery' for giving prompt and lasting relief: Whenever I have had a sluggish liver with sick headaches and constipation I have found that Dr. Pierce's Pleasant Pellets are a very efficient remedy. They do not gripe or cause any other distressing condition such as a great many pills do."—Mrs. Laura Kimenough, 3503 Earlene Avenue.
